Best price/fit Auraplus – timber with exterior aluminium cover, triple-glazed. • Heating. Regen report (12 hours free consultancy) 4 options: (1) Building regs only – electric panel heating with 4.4 KW PV on roof. (2) More PV on roof (3) gas (but no gas supply) (4) Air-source heat pump + underfloor heating + PV – highest initial cost, high maintenance costs, but lowest consumption cost. Could also add battery to PV. One company has suggested air conditioning which would do both heating/cooling. Could look for further grants. • Wifi connectivity – possible grant for installation from DCC (Su Aves)? • Possible visit to Alphington or Newcourt. Jo – Newcourt on Thursday morning 10 – 12 community café. <p>Thanks to Rory for work.</p> | <p>RM</p> <p>RM,SP, GCJ SP,all</p> |
